The Table Golf Association (or TGA) is the first dexterity game that makes you feel like you're actually playing golf! Players design and play their own course using 25 wooden terrain tiles for endless replayability. Support for this game is growing quickly!

Features:

- 25 Beautifully designed wooden terrain tiles
- Unlimited Replayability
- Unique dexterity mechanics
- A game of skill

Components:

- 25 double-sided wooden terrain tiles
- 4 mini-shuffleboard pieces
- 1 Rulebook
- 1 Reference Card
- 1 Spinner
- 1 Weather Die
- 1 TGA Trophy
- 4 Golf Clubs
- 12 Player Cards
- 1 Scoresheet
- 1 Hazard Reference chart

The game comes with 25 beautifully illustrated two-sided wooden terrain tiles that allow players to design & play the course of their dreams. Players flick the ball (a mini-shuffleboard piece) trying to shoot the lowest score, from tee to green by navigating hazards. The base game comes with the rough, trees, sand, water and cliff hazards, as well as the ridge.

Each hazard has it's own hitting mechanic, that also limits the distance of the next shot. As in real golf, players will also have to deal with the wind and make adjustments according to the results of the die and the wind spinner.

The beauty of this game is whether you like golf or not players will love it! Great for the whole family or for the serious golfer. Can be played alone or with up to 8 players and in leagues or tournaments, competing for the TGA cup!
